It’s always been a way of life for us.

VyStar Credit Union was originally founded in 1952 as Jax Navy Federal Credit Union to serve civil service, military employees and their families at Naval Air Station Jacksonville. After the first year of operation, we counted 1,100 members and just over $28,000 in assets. We are proud of our beginnings and extend that pride today as we have grown to become one of the largest credit unions in the nation.

“Our credit union was founded at a time when it was difficult for members of the military to borrow money,” stated Michael Cascone, the first member of VyStar Credit Union and one of the individuals who helped establish it. “Back in the 1950s, credit was not easy to come by for working men and women. Credit lines were all but impossible to get. And it was very hard to finance an automobile through a bank. What we wanted was a place where blue collar workers could open an account and a place that would provide credit to individuals who had few options.”

VyStar’s nine-person volunteer Board of Directors provides strategic direction and oversees the management of the credit union for its members. Our volunteer Audit Committee adds balance to the credit union’s activities as it actively oversees special activities and internal audits. Additionally, there are more than 1,400 employees who keep VyStar running smoothly for our members each and every day.

The deposits you have in VyStar are insured by the National Credit Union Share Insurance Fund (NCUSIF), an arm of the National Credit Union Administration (NCUA). Ask us for a copy of “Your Insured Funds” for complete information on the type of insurance coverage you have.

Established by Congress in 1970 to insure member share accounts at federally insured credit unions, the NCUSIF is managed by NCUA under the direction of the three-person NCUA Board. The members of the NCUA Board are nominated by the President of the United States of America and confirmed by the Senate. Your insurance is similar to the deposit insurance protection offered by the Federal Deposit Insurance Corporation (FDIC). Not one penny of insured savings has ever been lost by a member of a federally insured credit union.

VyStar is chartered and regulated by the State of Florida and is a federally insured credit union.

We’ve grown to offer membership to all individuals living or working in—as well as any business, club, church, organization or association located in—counties from Northeast to Central Florida and Southeast Georgia (visit www.vystarcu.org/membership-benefits).

Throughout this tremendous growth, our allegiance has remained sure: continuing the tradition of “People Helping People.”
Your **Checking Services**

Our members receive interest on the money kept in accounts with VyStar. The rate of the interest received is dependent upon the rates that we charge for loans and the income we receive from investments, as well as our ability to cost-effectively manage the operations of the credit union. Our interest rates are reviewed weekly by a team of Senior Management employees and volunteer Board Members designated as the Rate Committee. Rates are posted in the branches and available on our website, [www.vystarcu.org/Rates](http://www.vystarcu.org/Rates).

---

*ACCOUNT RESTRICTIONS: For all savings and money market accounts, you may make no more than six (6) transfers and withdrawals from your account to another account of yours or a third party in any month by means of a preauthorized, automatic or Internet transfer, by telephonic order or instruction, or by check, draft, debit card or similar order. If you exceed these limitations, your account may be subject to temporary reclassification or account closure by the credit union. These account limitations do not apply to Health Savings Accounts, VyTeen savings accounts or Kids Club accounts.
VyStar Visa® Debit Card with Purchase Offers

VyStar’s Visa debit card is the buying power of your checkbook that fits conveniently into your wallet.

Cash-Back Purchase Offers: An Internet & Mobile Banking service for your checking account and debit card. On the Overview page, review and activate the Purchase Offer discount(s) you like. (Offers vary.) Then, shop at the participating retailer(s), use your debit card to pay, and get cash back directly deposited into your checking account 30 to 60 days after you redeem the offer(s).

Use your Visa debit card at merchants where Visa debit is accepted. Your purchase will reach your checking account in real time and an amount will be deducted. Monitor your transactions as they occur via Internet and Mobile Banking. Using the “credit” option when using your debit card to purchase goods gives you greater security since you are asked to sign the sales document* instead of entering your PIN.

*Receipts aren’t always issued on purchases of $15 or less.

Your VyStar debit card is an ATM card, too. There is no surcharge fee when you use your VyStar cards at any VyStar ATM. Check VyStar’s account disclosure for withdrawal limitations on your card.

Optional Overdraft

VyStar has overdraft protection transfer service to enable you to automatically transfer funds from your savings, line of credit or money market account to your checking account should your account have less money in it than is necessary for all your checks, debit card purchases, ACH transactions and ATM transactions to clear. Avoid the embarrassment of having your checks returned. These programs safeguard you from insufficient funds fees and check returns.

Savings Account: You can use your savings account to make overdraft protection arrangements. Money from your savings account is automatically transferred to your checking account when your checking account is shown to have insufficient funds. You may only transfer the amount of funds that are currently available in the savings account. Only one savings account may be designated as your source of funds for overdraft protection.

Due to government regulation, only six preauthorized, automatic, telephone, Internet & Mobile Banking or Magic*Touch transfers may be made from your savings account per month. Of these six, no more than three may be made by check, draft or access card. Be careful not to exceed these limitations.

Signature Line of Credit: An unsecured line of credit can be used when your checking account has insufficient funds to cover the transactions you have made. The money is automatically transferred into your account (up to your available limit) and your checks are then paid. This saves you from incurring an insufficient funds fee from VyStar as well as possible charges from local businesses for returned checks. There are restrictions on this line of credit, and it is subject to credit approval. There are no limits on how many transfers can be made monthly, up to your available credit limit on the signature line. There is no service fee for transfers.

Of course, your signature line of credit can be used for general purchases in addition to overdraft protection by requesting that funds be transferred from the line of credit to any other VyStar account. This function can be performed by visiting a VyStar branch or ATM, calling our Call Center or Magic*Touch, logging on to Internet Banking, or simply writing a check.

A parent or guardian must be a joint member on the account with the child. The misuse of these cards can cause the account to become negative and incur costs.
Health Savings Account

A Health Savings Account (HSA) is an account that allows you to save money for health care costs and use the funds to pay for qualified medical expenses.* An HSA offers tax advantages and will help you keep tabs on your medical spending. It can be used to pay for many types of qualified medical expenses, such as doctor visits, prescriptions, transportation to get medical care, qualified long-term care insurance, health plan premiums when unemployed and more. Members are eligible as long as they are:

• Covered under a High Deductible Health Plan (HDHP)
• Not covered under another type of health plan that is not an HDHP
• Not enrolled in Medicare (generally under 65 years old)
• Not claimed as a dependent on another individual’s tax return

Find out more about HSA. Call (904) 777-6000 or 1 (800) 445-6289, or stop by any VyStar Branch.

*Certain restrictions apply. VyStar is not responsible for determining if a member’s distributions qualify, nor do we provide tax advice. Consult your tax advisor. For more information on qualified medical expenses, visit www.irs.gov.

FLUTMA Accounts (Florida Uniform Transfers to Minors Act)

A FLUTMA account is a custodial account in which a custodian manages the funds of an account for the benefit of a minor. The minor is the sole owner of the account, but has no authority to transact on the account until he or she attains the age of 25.

State law limits all FLUTMA accounts to one minor beneficiary and one custodian. No joint members are permitted on FLUTMA accounts; however, custodians are strongly encouraged to designate a successor custodian. Savings accounts and certificate accounts may be set up as FLUTMA accounts, and the funds are accessible through Magic*Touch, Internet Banking, direct deposit and ATM cards, under the same restrictions as non-FLUTMA accounts.

Living Trust Accounts (Revocable Trusts)

Trust accounts are federally insured as payable-on-death accounts, and are separate from the member’s other deposit accounts. For living trust accounts, you may use all types of deposit accounts (savings, checking, certificates, etc.) IRAs, HSAs, and loan accounts are not eligible as trust accounts.

The trust must be created and administered under Florida law. Irrevocable Trusts, Gun Trusts, Land Trusts, Special Needs Trusts, Quick Income Trusts and Amenable Trusts cannot be opened at VyStar Credit Union. In order to open a trust account, several documents must be presented, including the Certified Copy of Trust Instrument by Attorney form, a copy of the first page and notarized signature page(s) of the trust, a Membership Application to change the ownership of the account to the trust, and a copy of the successor trustee page of your trust naming the successors. Depending on the circumstances, other information may be necessary. A VyStar representative will help you through all the details.

Certificates

Lock in your earning power and enjoy high yields for the term of your choice: from three months to five years. A minimum deposit of $500 gets you started. It’s a good idea to put your money in a certificate when you don’t need immediate access to your funds for a period of time. And because you agree to keep the money in the credit union for the specified period of time, you receive a higher interest rate from VyStar. We also provide tiered rates for higher balances. An early withdrawal penalty may apply. Interest paid may be received by the account holder from the account without penalty.

18-Month Step-Up Certificates

Get a certificate with a one-time option to adjust to a higher rate before the certificate matures. You can also add amounts of $2,000 or more any time during the 18-month Step-Up Certificate term. An early withdrawal penalty may apply.

It’s that kind of flexibility that makes saving really pay off. Interest earned is calculated daily, compounded monthly and credited monthly.

Individual Retirement Accounts (IRAs) and Education Savings Accounts (ESAs)

Earn more wealth for your retirement years with a VyStar IRA, which earns higher yields on higher balances with six different account balance tiers ranging from under $2,500 up to $100,00 or more.
VyStar is your one-stop IRA center, offering a complete range of retirement savings and certificate options:

- **Traditional IRAs**
  These IRAs provide tax-deferral of income.

- **Roth IRAs**
  Pay your taxes up front, with added flexibility in retirement.

- **Coverdell Education Savings Account (ESA)**
  Save for educational expenses.

All of our IRA and ESA products offer:

- **Higher Interest for Larger Certificate Deposits**
  Increase your wealth and earn more as you save more.

- **No Maintenance or Administration Fees**
  Free yourself from fees that dip into your savings.

- **Government Backing**
  Retirement Accounts are insured up to $250,000 by the National Credit Union Share Insurance Fund (NCUSIF). Government backing insures your retirement accounts by the NCUA.

The Coverdell Education Savings Account, (formerly called the Education IRA), was created by Congress in 1997 to help students pay for qualified elementary and secondary school and college education expenses, as well as other higher education costs. With the Coverdell ESA, your earnings grow tax-deferred and your distributions are exempt from federal taxes when used for qualified education expenses at universities, colleges, vocational schools, and elementary or secondary schools (public, private or religious). An adult (parent or guardian) may open an ESA for a beneficiary (student) under 18 or for a special needs beneficiary.

If you need to move your IRA funds from a previous employer or transfer IRA funds from another financial institution, VyStar can help. VyStar’s IRA accounts and certificates allow you to move your funds to us with ease and at no charge.

**IRA Certificates**

VyStar IRA certificates are a secure, dependable way to save for your retirement. Depending on your income, tax filing status and eligibility from other retirement savings plans, your yearly IRA contributions may be fully or partially tax deductible. Consult your tax advisor.

For IRA accounts, you may not make any withdrawal or transfers to another credit union account of yours or to a third party by means of a preauthorized or automatic transfer, telephonic order or instructions, or similar order to a third party. Please consult your tax advisor on the tax benefits of an IRA account. An early withdrawal penalty may apply.

Visit the VyStar “IRA Service Center” online at www.vystarcu.org where you can learn about IRAs, plan for your retirement, and print any forms that are needed to open an IRA or review your existing IRA.

**Why is financial planning important?**
A comprehensive financial plan serves as a framework for organizing the pieces of your financial picture. With a financial plan in place, you’ll be better able to focus on your goals and understand what it will take to reach them.

One of the main benefits of having a financial plan is that it can help you balance competing financial priorities. A financial plan will clearly show you how your financial goals are related—for example, how saving for your children’s college education might impact your ability to save for retirement. Then you can use the information you’ve gleaned to decide how to prioritize your goals, implement specific strategies, and choose suitable products or services. Best of all, you’ll know that your financial life is headed in the right direction.

Home Equity Programs

Tap into the equity in your home to secure a low interest rate loan or variable-rate line of credit for debt consolidation, home renovations, college expenses, a car, vacation and more.

VyStar offers fixed-rate home equity loan programs based on the percentage of the home’s value you are borrowing (loan-to-value ratio). Our variable-rate home equity lines of credit with checks will give you immediate access to cash and are available for people who can more easily utilize a revolving line of credit for changing financial needs. Choose our interest-only payment option to reduce your loan payments each month. Pay no closing costs on a home equity line of credit when you make an initial draw of $10,000 or more. Certain restrictions may apply.

VyStar’s Home Equity Platinum Visa® gives you quick access to cash at your same low home equity line of credit interest rate for accounts with credit lines of $5,000 and higher. It’s the card and buying power you need for practically anything you want. Take your Home Equity Platinum card with you to make purchases up to your approved credit limit wherever Visa is accepted and the amount will be advanced on your home equity line of credit account. No fees, charges or strings attached. Use your card as much as you like. (This is not a rewards points card.)

For even more flexibility, VyStar’s Flex Equity3 is a home equity line of credit that has a low, fixed rate for the first three years. After that, the rate adjusts monthly, tied to Prime.*

*Prime is identified by The Wall Street Journal as the Prime Rate in its table entitled “Money Rates.” Contact a VyStar representative for more information.

Many people prefer a home equity program over a regular installment loan because of the positive tax benefits. We suggest you ask your tax advisor about possible tax benefits of this type of loan for your financial situation.

For assistance, visit any VyStar branch or call (904) 777-6000 or 1 (800) 445-6289. (Subject to credit approval.)
Mortgage Loans

VyStar offers a full range of competitive fixed-rate and adjustable-rate mortgage loans with a variety of terms and low or no closing costs.* Mortgage loans may be used for the financing of current or future primary residences.

All our escrow accounts earn interest and we service all of the loans we make. This means you won’t have to worry about who to make your mortgage check payable to; you’ll always pay VyStar Credit Union.

Our fixed-rate mortgages have rates that do not change over the life of the loan. You’ll also have the security of knowing exactly how much you will be paying each month for principal and interest. You may select from a variety of terms. And in most cases, the shorter your term, the lower the rate. For our current rates, visit a VyStar branch or look at the rates section on our website, www.vystarcu.org.

*Certain restrictions and limitations apply. All loans are subject to credit approval. No Closing Costs offer available only when obtaining a VyStar Credit Union First Mortgage Loan and is not available on VA or FHA Mortgages. Available for purchase or refinance. VyStar will pay borrower closing costs up to a maximum amount of $5,000 excluding origination fee, discount points, private mortgage insurance, prepaid interest or funds to establish the borrower’s escrow account. If the borrower pays off the mortgage within the first 36 months, they will be required to reimburse VyStar for a portion of the closing costs paid by VyStar. Offer available for a limited time and subject to change without notice.

Our adjustable-rate mortgages (ARMs) are stated in terms of how the interest rate on the mortgage changes over the term of the loan. For example, our 3/1 ARM has a fixed rate of interest for the first three (3) years and then adjusts each (1) year after that.

- **Adjustable-Rate Mortgage (ARM)**
- **Jumbo Mortgage**
- **VA**
- **Manufactured Housing and Land**
- **Fixed-Rate Mortgage**
- **Condominium**
- **FHA**
- **Residential Land**

There are many alternatives to consider when deciding which mortgage is right for you and you can possibly get an even lower interest rate by paying “points” up front.

When you finance your home through VyStar, you don’t have to pay intangible taxes at closing, and our origination fees are normally lower than those of most other lenders.

Apply for a mortgage loan online at www.vystarcu.org, through our Contact Center or in any of our branches. To make an appointment with one of our mortgage loan officers, call (904) 908-2689 or 1 (800) 445-6289, ext. 2689.

Whom is GAP Plus recommended for?
GAP Plus is highly recommended for anyone who is financing or leasing their vehicle and owe more on their loan than their car is worth. GAP Plus may help protect that difference in the event their car is totaled. Those who owe less on their loan than their car is worth and those who own their car outright may not need GAP Plus. In that case, your standard car insurance policy alone may cover the costs of your loss.

Does GAP Plus replace my auto insurance?
No, GAP Plus is not considered insurance coverage and does not replace an auto insurance policy. As the driver, you are still responsible for obtaining an insurance policy that meets the requirements of your finance/lease agreement and state laws. In the event of a total loss, GAP Plus is supplemental protection that only helps you protect the difference between how much you still owe on your car and how much the vehicle is worth at the time of the accident.

A Tip From VyStar

Be Credit Card Wise

Don’t get caught in the switch game. Some credit card companies offer enticing introductory rates, then switch you to a higher rate after a few months. If you have balances on high-interest credit cards, consider transferring those balances to a low-interest VyStar Credit Card. With flexible credit lines, you could transfer several balances to one VyStar card and lower your monthly payment. There is no fee to transfer a balance to a VyStar card.
In addition to payments via the mail and online, credit card payments can also be made at any VyStar branch; through our Call Center at (904) 777-6000 or 1 (800) 445-6289; through our Magic® Touch automated phone system at (904) 777-6001 or 1 (800) 235-6289; or via secure online VyChat.

Zero Liability: When you use your VyStar Visa® debit card (signature-based), VyStar Visa credit card, and Reload & Spend Visa Prepaid (RSVP) card to shop, there is absolutely no risk. With Visa, your liability for unauthorized transactions is $0. You pay nothing.

Free Travel Protection: Because of international fraud that all financial institutions deal with, we monitor transactions overseas and also at many travel destinations here at home. If you’re planning a trip, give VyStar a call at 777-6000 or 1 (800) 445-6289, option 9. By giving us your travel dates and destination, we can anticipate the change in activity on your card, monitor your transactions and be mindful of your needs while you are away.

Check Your Credit Card Transactions Anytime Online

You can take a look at your credit card usage daily. Your credit card account information and services are available via Internet Banking at www.vystarcu.org. Log in and click on your credit card account name on the Overview page.

While you’re online, sign up for e-Statements to receive your credit card statement online each month. Go to your credit card account information and services via Internet Banking, click “Statements & Activity” and then, “Go Paperless.” Eliminate paper with this quick and easy service. Each month you will receive an email reminder your statement is ready to view and, going forward, you will be able to access your statement history.

Reporting a Lost or Stolen Card

If your card is lost or stolen, please call the 24-hour Cardholder Services number (printed on the back of the card): 1 (866) 820-3846 or 1 (800) 654-7728.
